SKILLS

Hard Skill	HTML/CSS, Javascript, ReactJS, NodeJS, ExpressJS, Python, Django, Editing
Soft Skills	Good communication,Problem Solving,Adaptabillity,Time Management, Presentation Skill,Creativity

EXPERIENCE

- During my internship at Gotoz Techno Solution, I was responsible for transforming designs provided by the design team into fully functional and visually appealing deliverables. This involved interpreting design specifications, ensuring precision in implementation, and maintaining alignment with project requirements. I collaborated closely with team members to optimize workflows and utilized modern tools and technologies to deliver high-quality outputs within deadlines. This experience enhanced my technical skills and strengthened my ability to work in a team-oriented, fast-paced environment.

PROJECTS

E-Commerce web-pages for shopping

- Created a web application using HTML and CSS, Using home page shop page Chrome in order to interact with the correct elements of the web page.

Bank Account UI

- Created a Web application using HTML, CSS, and Javascript to login with a user name and password, log in to the bank account, get a request loan, and transfer money.
- Utilized the layout editor to create a UI for the application in order to allow different scenes to interact with each other.

Youtube Clone

- Implemented user authentication and authorization. Designed a responsive and user-friendly interface using CSS and React. Integrated Youtube API to fetch and display video data. Outcomes and Impact: Enhanced understanding of React and modern JavaScript ES6+ features. Improved skills in API integration and handling real-time data. Demonstrated ability to build a complex, feature-rich web application from scratch.
